MOVIE SPECTACULAR

Welcome to the Power Event of the decade...the Gala Premiere of **POWER RANGERS THE MOVIE!** Our exclusive photo album brings you all the colour and excitement of the morphinomenal day the Power Rangers came to town! Watch out, here's the Black Ranger on the look out for Putty gatecrashers!

The premiere was held at Leicester Square's eye-boggling Odeon cinema. Its stunning sound system made you feel as if you were right in the middle of the action! Someone who really *was* in the middle of the action was the Red Ranger - completely swamped by young fans!

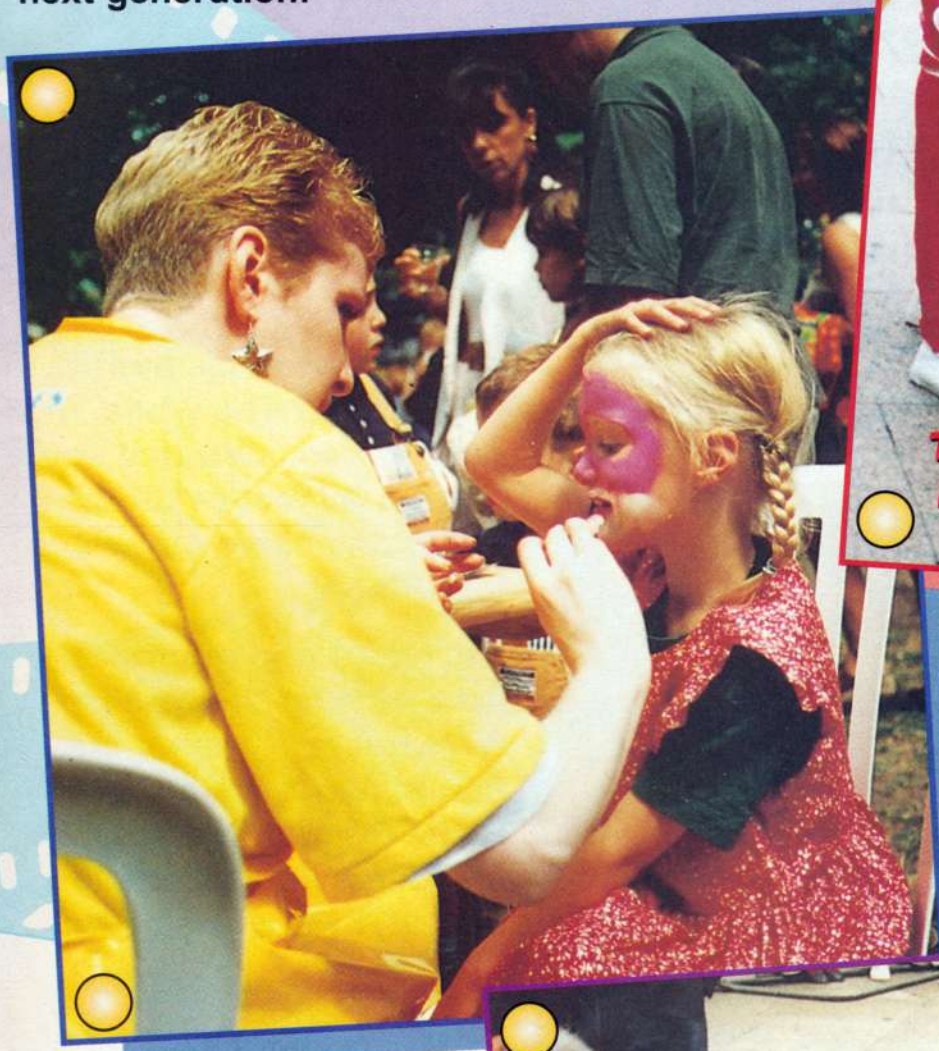
Meet Jacqui and Carrie, alias **SHAMPOO** - the pop duo with attitude, in morphin party mode! Their hit song **TROUBLE** has the Angel Grove High students rocking long into the night!

Here the girls are sharing a fantastic **Planet Hollywood** snack pack, and taking a quiet moment away from all their fans!

The Gala Movie Party was held at Corum's Fields, a special fun-park in London where no grown-ups are allowed...unless accompanied by children! What a cool idea, guys!

The Pink Ranger takes time to give a Power Hug to a fan! Among the crowds of happy guests at the event were the winners of our very own movie competition! Look closely at our pictures, you might see someone you recognise... yourself!

Looks like one of our Power fans is practicing to be a Junior Ranger! The team were delighted to meet up with young versions of themselves. Who knows, maybe some of them will grow up to become future Mighty Morphin heroes? ***WATCH OUT RITA,*** here comes the next generation!

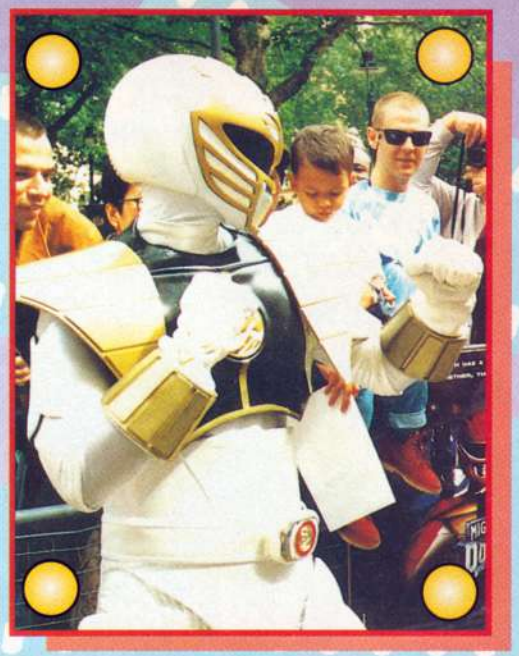


THE RED RANGER MEETS...THE RED RANGER!

And talking about Rita, she didn't seem to get an invitation to the premiere! Or perhaps she was just frightened to show up with the Power Rangers on guard...

ABOVE: Among the treats at the post-movie party were free face painting sessions. Here's a mighty morphin make over for a lucky fan. Now, did you want to look like a pterodactyl or a crane? Surely not a pink putty?!

RIGHT: The Red Ranger in Freebie Mode! Full colour movie posters were handed out to hundreds of Power fans!

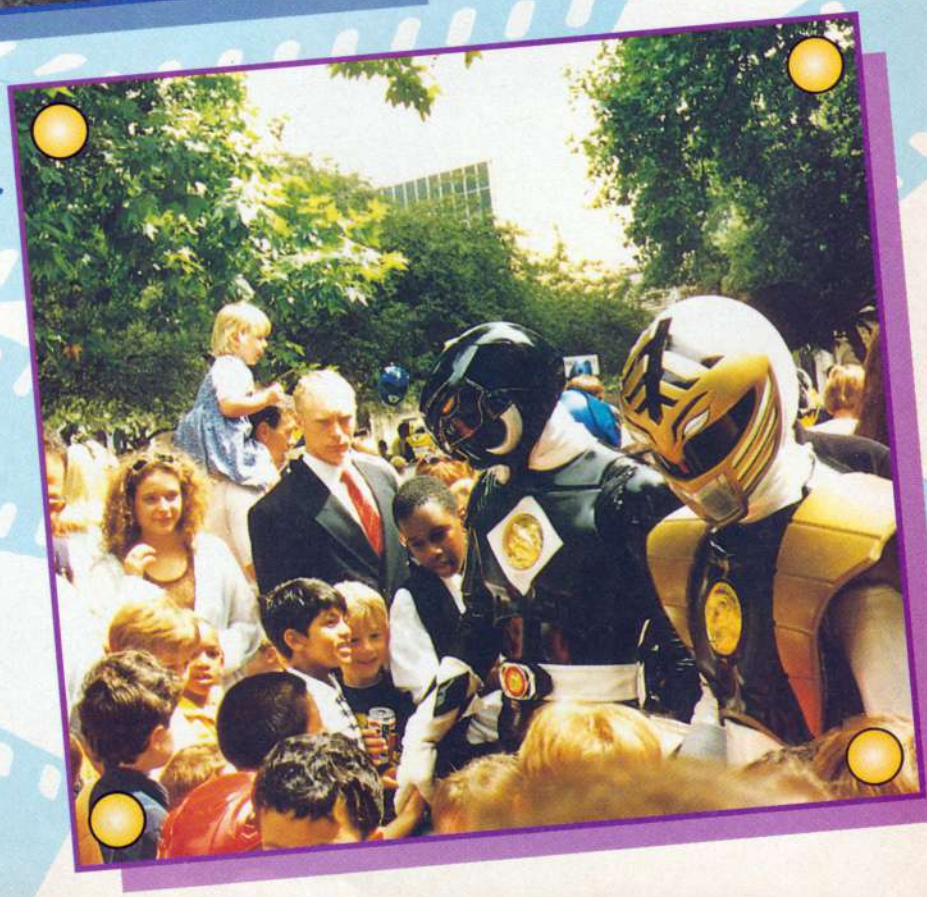


Want to see some martial arts magic? The White Ranger demonstrated some of his cool moves for the eager onlookers outside the Odeon!

T.V. crews and reporters from all over the country were hungry to snap the first shots of the happening White Ranger! But why did they keep saying "smile please?" He *was* smiling!

It's a rare chance to shake hands with a real-life superhero! The Black Ranger and White Ranger chill out with mums, dads and enthusiastic young autograph hunters.

Everyone was enjoying free cola and ice-cream, thanks to those nice people at Twentieth Century Fox! Fans of the comedy series, ABSOLUTELY FABULOUS might spot a famous face in the background. Any plans for a SAFFRON RANGER?



MEGAZORD

BEHOLD! A vision from Zordon's files,
showing the mighty MEGAZORD in battle-mode, in the days before Lord Zedd destroyed it!
Those dreary clayheads, the putties have sucked all the colour out of the picture!
Turn this black and white image into a multi-coloured, dazzling scene!

ZACK'S VIDEO VORTEX

Yo, Power-Dudes and Dudesses! It's time to talk essential entertainment, as I check out the coolest Power-viewing around! This issue, tape 10 is all cued up and ready to rock! Get your viewing globe on line, it's show-time!

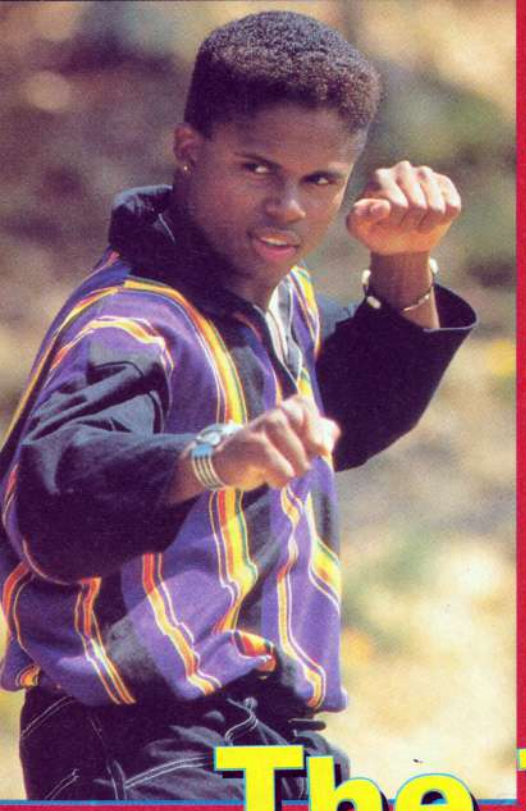
THE TROUBLE WITH SHELLSHOCK

Man, have we had to tussle with some crazy monster-dudes recently! This guy was one of the weirdest of them all! One moment, me and my buddies were shooting a few baskets out in the park (guess who was showing the girls just who is king of the slam-dunk - that's basketball king, right amigos? - you got it- the Zackman!) I was dancing circles round Tommy and Billy till this gruesome geek turned up! But hear all about it in my exclusive checklist below!

RITA'S HEADACHE HORROR: She can't believe it! Squatt and Baboo have the cheek to cook up a monster while the evil Queen Of Uncoolness herself (repellent Rita) is having a snooze!

SQUATT'S MONSTER MADNESS: You'll see it, but you still won't believe it! Shellshock is a terrifying turtle with a traffic light sprouting out of his head! Truly awesome! (And kinda nutty too!)

SPINE -CHILLER: It's red for danger, when Shellshock freeze-frames me, Billy and Kimberly! If we can't move, we can't groove! Still, I make a real cool statue, I think the girls out there will agree!



AWESOME ACTION: It's a downtown shakedown when Jason's T.Rex Dinozord rumbles with Shellshock!

SUPER SUSPENSE: Only Trini can save the world with a rare flower that grows on the Mountain of Hope! But she's been hit by Shellshock's go-power green light ray! Can she find the flower and rescue us in time? Hey,she's a Power Ranger - what do you think?

Now, before I review the next adventure on this terrific tape, a special announcement...

The Zackman is NOT afraid of bugs

ITSY BITSY SPIDER: Wow, it's not often the girls kick up a fuss about something, but when they do, they really go for it! Trini and Kim were protesting about the city corporation's plans to dump an old statue from Angel Grove Park. The statue was said to have magical powers...to protect the park from bad bugs. Hey, I said b a d bugs, not bedbugs! This set us off on another creepy (and crawly) adventure!

LAUGH IT UP: I wasn't laughing at the time, but Bulk and Skull sure thought it was funny when they let loose a swarm of icky insects in the school! It was mayhem! I stayed cool of course! Well until this gigantic spider tried to make friends with me...Yee-ikes!

RITA'S MONSTER MADNESS: A giant spider! This hairy-legged horror had some disgusting tricks up his sleeve...like a sticky webbing spray to tangle us up with!

MAGIC MOMENT: Rita's creepy magic even had *butterflies* doing her dirty work for her! They spread sleepydust over Angel Grove Park - when yours truly was half way through teaching some cool kids about martial arts! I mean it makes me look a boring teacher if my whole class falls asleep!

AWESOME ACTION: The crunching climax when the Giant Spider and Goldar showdown with the Mighty Morphin Power Rangers! We need Tommy's help, so watch out for the thrilling transformation sequence when we combine Zord-power to create the incredible Mega Dragonzord!

MEANINGFUL MOMENT: This was a tough adventure for me, I had to overcome my fear of spiders - I mean my fear of gigantic, horrible, hairy monster-sized spiders - to help my team-mates in a crisis! I guess it taught me that there are times when you have to face up to your fears - you might find you can be braver than you think!

That's all the video gossip for this month, Power People, so until next time, don't forget to stay funky, and watch out for Putty Patrollers, y'hear?

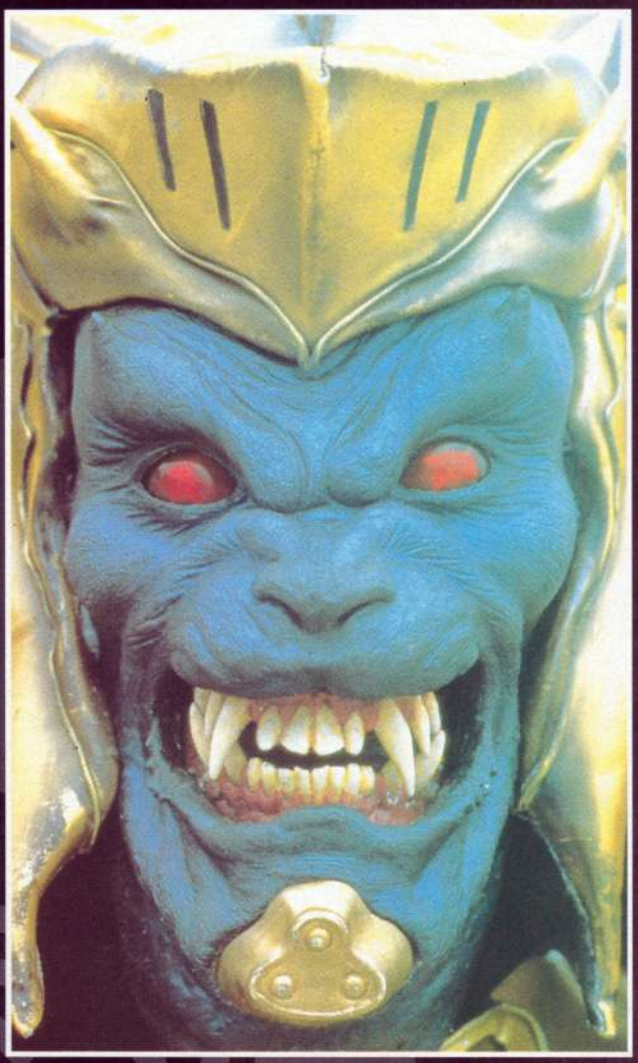
THE Z-FILES

GOLDAR

This month we focus on Rita's former bodyguard, the grotesque grouch who now grovels to Lord Zedd!

Looking like a giant overgrown blue lion, Goldar stands well over 2 metres tall in his armour booted feet, and is definitely one of the Ranger's most powerful foes. Except for his blue-skinned face and red piercing eyes, every inch of his huge muscular body is protected by a golden armour that is able to deflect laser blasts and most forms of attack.

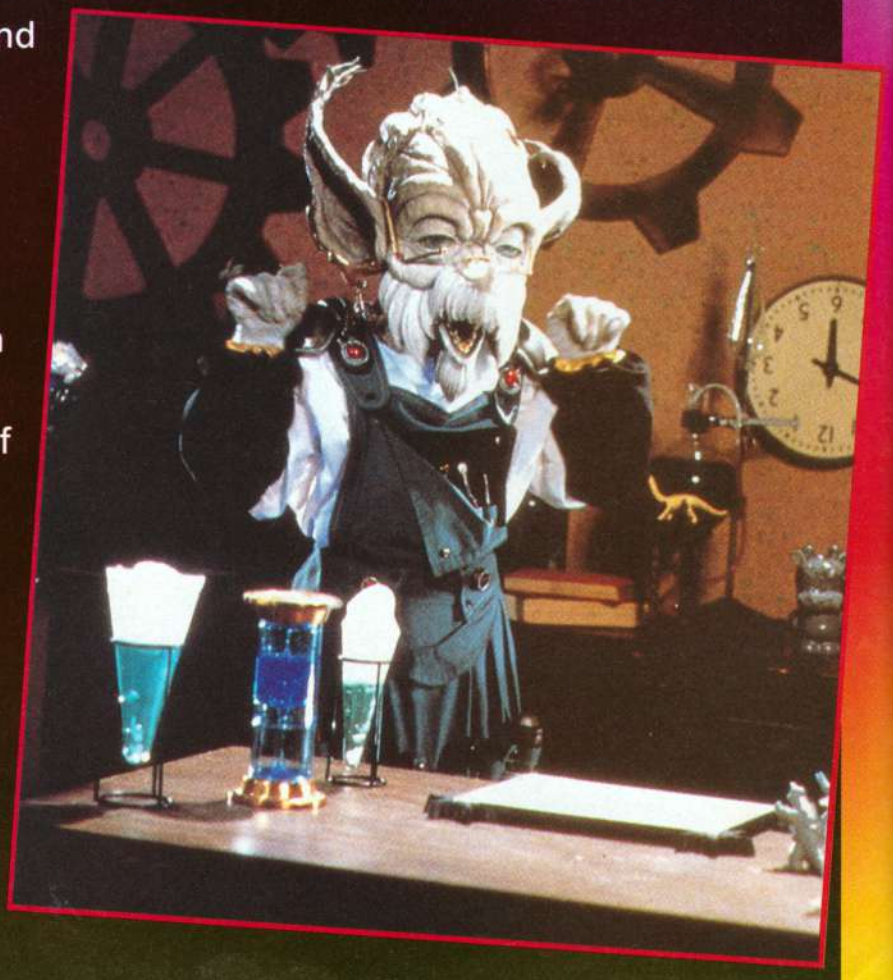


GOLDAR... the moodiest, the meanest, the grumpiest!

Not only is Goldar an extremely agile warrior, and martial arts maestro, he is also an ace swordsman. His power is matched only by his strong personality! He is the moodiest, the meanest, the grumpiest of Zedd's terror-team. He is ruthless, and has a cat-like cunning. Beware when those red

eyes are flashing with wicked thoughts! Unfortunately for Squatt and Baboo, who have to put up with his temper all the time, Goldar has absolutely no sense of humour! He first came to light, along with Rita and Co. when they were finally released from the cosmic dumpster, that ZORDON had banished them to 10,000 years earlier. At first, he was RITA's head bodyguard and warrior and would usually be sent into battle along with a horde of gibbering putties to attack the Rangers, or kidnap unsuspecting humans. Sometimes she would use him as a diversion to keep the Rangers occupied while one of FINSTER's creations wreaked havoc. Although now hated by Rita, she obviously thought highly of him once, as she often made him grow to giant size, and trusted him with vital missions.

If there's one thing Goldar can't stand, it's bungling stupidity! So you can imagine how much he likes working with Squatt! And he became more and



BEWARE WHEN THOSE RED EYES ARE FLASHING WITH WICKED THOUGHTS!

GOLDAR - LORD ZEDD'S RIGHT-HAND MONSTER

more frustrated as Rita's bizarre plans failed, one after another! When LORD ZEDD returned from a far off dark dimension, Goldar was delighted to change sides, telling tales on Rita and generally crawling and creeping to Lord Zedd. Goldar swapped his Empress for a new Lord of Evil. And we all know what happened to Rita! She was shrunk to the size of a toy doll and kicked out into the chilly depths of space in the cosmic dumpster!

"I AM GOLDAR THE GROVELLING ONE. GOLDAR YOUR FAITHFUL SERVANT."

stands as Lord Zedd's loyal lieutenant. All we would say, Zedd, is watch out! Goldar's only as loyal as the next evil emperor!

It was during this first meeting with Zedd that we learnt that at some time in Goldar's past, he had a pair of awesome wings but had lost them as a punishment. Rewarding his loyalty, Lord Zedd returned them to him in a burst of evil magic. Now Goldar

LORD ZEDD

AI!AI!AI!AI!AI! My circuits were almost burnt out by the arrival of LORD ZEDD! I thought Rita Repulsa was bad enough, but next to her successor she's like a fluffy kitten! Now get ready for a data download - it's time to get clued on the red Zedd dude! Ai ai ai, I think I've been talking to Zack too much!

Occupation..... Big cheese, chief villain, head bad guy!

Appearance:..... Big, red and skinless. He wears a helmet and has a powerful armoured exo-skeleton!

Powers:..... Cosmic magic, incredible strength and invulnerability. He is able to see clearly over great distances thanks to the visor in his helmet!

Plus Points:..... Utterly ruthless, and 100% rotten! (Well, these **are** plus-points if you're a supervillain!)

Weaknesses:..... Sunburns easily!

Special Weapons:..... His magical power staff and Monster Growth Bombs!

Likes:..... Loves being nasty and creating mad monsters out of earthly objects!

Dislikes:..... Well for a start the Power Rangers are not his favourite people! Also he can't stand failure or incompetence, and has no patience with buffoons - looks like Squatt's in for a hard time!

Biggest Achievement:..... Destroying the Rangers' old Dinozords!

Ranger Danger Factor:.....100% ! Zedd is bad news on a galactic scale! He is totally dedicated to conquering the entire cosmos, starting with Angel Grove!

Likelihood of Facing the Rangers Again:.....
110%! This galactic grouch is always on our case. I wish he would give us a break!

Other Information..... When this beetroot-faced baddie is red with anger (this happens quite often), his Chamber of Command glows red too!

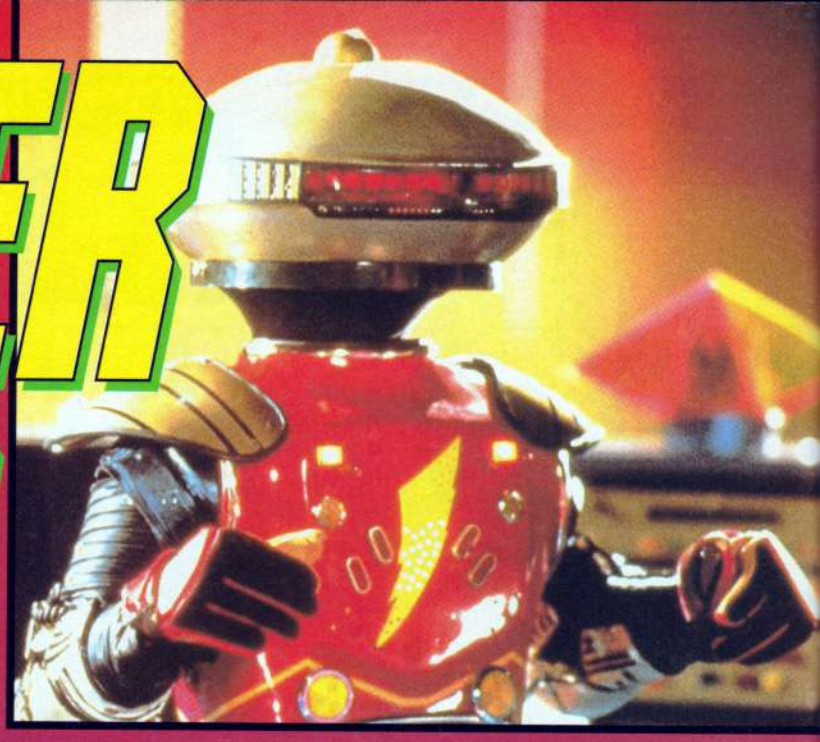
POWER FANS



Ai ai ai! Now we're going fortnightly, I can speak to more of you than ever before! My circuits have been sizzling to the point of meltdown, with excitement over all the big changes in our magazine! I need to cool down...what a shame computers don't eat ice-cream! Instead, I'll relax with this issue's Power Post!

Hi there, Alpha 5, I'm a mega fan of the Power Rangers. When I see you on TV you're really funny. I also called my rabbit after you. This question is for Tommy: When you received new powers and became the White Ranger, was it an exciting moment, and were you really amazed when you saw the White Tigerzord?
Andrew Lochrie, age 11

Tommy says that becoming the White Ranger was the coolest thing that had ever happened to him! And seeing the new Tigerzord blew his mind! But he can't have been as thrilled as I was just now to hear you named your rabbit after me! What an honour!

Dear Alpha,
Please can you tell White Ranger I think he's dazzling, and so does my nephew Joe. We want to know if he uses Persil? Keep your powers, keep saving the universe.
Dee, Catworth, Huntingdon.

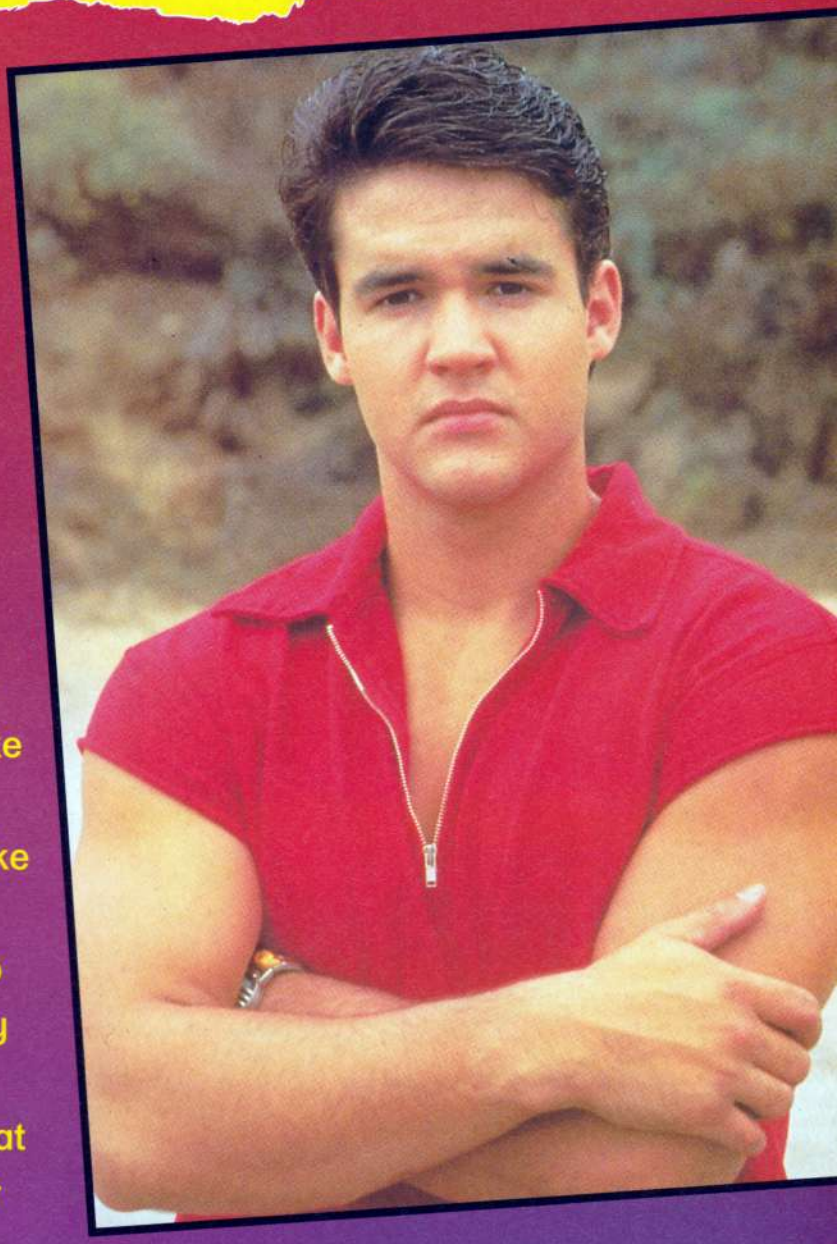
Ai ai ai ai ai! Helping Zordon can be a hard job, Dee, but the White Ranger doesn't have to do anything as tough as the laundry! After battle, the costumes disappear into the energy matrix of the Morphin Grid, and reappear (thanks to a little magic) as clean as new, when the Rangers use their Power Coins! I bet your mum wishes doing the washing was as easy for her!

To Trini,
I am 11 and I love Power Rangers. Do you think I am too old to watch it?
Dominique, Palmer-Shute

What a terrible thought, Dominique! Let Trini put you right. Her message is: "No-one is ever too old to watch the Power Rangers! Look at all the grown ups that came to our magical movie Premiere! (Have you seen our photo feature, this issue?) Believe me, people much older than you are enjoying our adventures, but not all of them admit it!"
Ai ai! Don't worry, Dominique! I'm a thousand year old computer, and I never get tired of watching Power Rangers!

Write to: Power Fans, Mighty Morphin Power Rangers Magazine, 13-15 Arundel St, London WC2R 3DX.

AND NOW A MESSAGE FROM THE RED RANGER!



Hey, Power People, it's me, Jason, again! I just want to let you know that however busy my life gets, I've learnt the importance of taking time out to catch up on the mail our loyal fans send in.

You guys are more than just an audience, you're our friends! And it's really important that you always make time for your friends, listen to their news and ask how they're feeling. Like your family, your friends are people who care about you and who want to see you get the most out of life. They want you to make the most of your natural talents, whether you're good at maths and science, art and music, or sports and martial arts.

When times look bad - and, once you've found yourself faced by any one of Lord Zedd's seriously slimy creations, you'll know that times can sometimes look pretty bad! - your friends will stand by and see you through the bad times. Nobody can go through life without friends. You'll probably recognise the names of my best friends - Trini, Kimberly, Zack, Billy and Tommy.....The Mighty Morphin Power Rangers!

WE ALL LOVE READING YOUR LETTERS!

FINSTER'S MONSTERS

Greetings, Earthling juniors! This is **Rita Repulsa's** chief creature-creator welcoming you to **Finster's Monsters** page. I'll be talking to you every issue about my favourite subject...monsters, of course! Today's famous fiend is the one and only **Frankenstein's Monster!**

I used this legendary terror as a model for one of my own creations, and the Rangers could only defeat it by forming the **Mega Dragon-Zord**, which I personally think is cheating! And I definitely think my Frankie should have won the fancy dress contest, instead of that squeaky little tin-can, Alpha 5!

Dr. Frankenstein and his monster were first created by novelist **Mary Shelley** back in the 1800s to scare her husband and friends, who all took turns in inventing ghost stories. Mary's story was the scariest by far!

In her classic book, **Doctor Victor Frankenstein** wanted to create new life and beat death, so he built a creature from lots of human spare parts!

Yuk - it's much less messy using super-putty! He brought his creature to life with a jolt of lightning! In her book, Frankenstein and his monster end up at the North Pole where they fight each other before disappearing, never to be seen again.

The monster we all know and love first appeared in a 1938 movie! This creature never spoke, looked terrible, went berserk and was of no use to anyone! Finally after it terrorised a small town, the angry inhabitants defeated it!

Typical! There's always someone out to ruin a good monster! Frankenstein's monster proved so popular that the film makers have brought him back again and again. In fact, hardly a year goes by when you don't see his ugly mug somewhere.

Of course, I always like to think that my version of the creature was the best!

Well, that's all for now. NEXT ISSUE I hope to bring you, DRACULA! The scariest monster who ever lived, or just a pain in the neck?

COULD YOU BE A POWER

When Rita escaped from the space dumpster, Zordon needed five teenagers with attitude to save the world! Every Power fan must have asked themselves at one time or another: Have I got what it takes to be a Mighty Morphin Power Ranger? Well, now's your chance to find out, in our morphinonemal multi-choice quiz!

1. You are late for a friend's birthday party, do you:

A. Shout: It's Morphin time! and use your special powers to teleport there on time?

B. Stay at home and keep the present yourself?

C. Go to the party late, and apologise? You know that special powers are not to be used for selfish reasons, even for going to parties.

2. You are attacked by Lord Zedd's putties. Do you defeat them:

A. By singing the Power Rangers theme tune?

B. By saying, BlBlmblLbbLBmebLLm? It might be putty language for GO AWAY!

3. A Power Ranger needs to know the strengths of his team members. What is Kimberly's special weapon?

A. The Pink Blancmange.

B. The Power-Blade.

C. The Power-Bow.

4. You go ice-skating with friends, but you keep falling over! Do you:

A. Go home? You don't want them all laughing at you!

B. Sit down, have a cola and watch your friends? It's less painful!

C. Get up and keep trying? A Power Ranger knows that you have to keep practising to achieve what you want!

5. A Ranger must know something about the enemy! Which answer most sums up Rita's personality?

A. Wonderfully calm.

B. A real party person.

C. Incredibly vain!

RANGER?

6. Where is the best place to practice karate?

A. In the supermarket while your mum is doing the shopping?

RITA

NINE HUNDRED AND NINETY THOUSAND GREEN BOTTLES HANGING ON THE WALL...

HA HA HA! You caught me exercising my beautiful singing voice! It helps to pass the time in this cosmic dustbin LORD ZEDD put me in! Still at least I have time to read through my happy hate-mail!

Oh dear, your letters are far too nice! Some of you are still writing to me on ghastly pink note-paper with pictures of bunny-wunnies and teddy bears! I HATE cute pictures! They just make me soooooo angry!

DON'T FORGET, *I love it when you write in and insult me, so remember:*

THINK TWICE -DON'T BE NICE!

AND NOW.. YOUR LETTERS!

"Who the @!*%!! is Lord Zedd?!" asks THOMAS WELLER from Newbury, Berks. "I was settling on my sofa to enjoy your bounteous face, but suddenly this big ugly bloke with a serious case of sunburn appeared."

ZONE

***Heeheehee!** I like your description of that **TYRANNICAL TRASH-HEAD!** Well what can I say? Lord Zedd is the cosmic menace who fancies himself as my boss! He has the cheek to say that I **failed!** How ridiculous! Hasn't he been watching the show? Surely he realises that it was those idiots Finster, Squatt, Baboo and Goldar, who let me down!*

THOMAS also says: "I'm nine, but Zeddy is probably 2000, 000, 000, 000, 000, 000, 000, 000, years old. You look about 20. You should be made Prime Minister."

I'm afraid you have to be much crazier than me to be PM, Thomas, ha ha ha! And since I spent 10,000 years in a space dumpster, I suppose I must be a bit older than 20! Although you'd never guess it from my gorgeous looks!

And now a cheeky comment from JANINE MARIE QUIN, from Caister-on-Sea, Gt. Yarmouth! She says: "I like Power Rangers very much but I think it's stupid at the end because the same thing happens in every episode: You make a monster, then you make it grow, then the Power Rangers get their dinosaurs, then they beat you."

*Be reasonable, Janine... I come up with a completely new and original monster every week, and then those boring, unimaginative, repetitive dweebs, the **POWER RODENTS**, gang up on the poor monster with their silly dinosaur machines and somehow or other manage to win! Is it **my fault** if they do the same thing every episode?!! I wish they wouldn't!*

Oh no! Just thinking about it is making me angry! I'll have to leave you now because I've got a headache!

I love hearing from you, my little witchlets. Send your creepy-scrawly letters to:
